

Synthetic trigger

SYNTHETIC TRAINING ONLY. This is not clinical guidance.

When the synthetic flag is present, notify the team soon.

Record that the flag was observed.

Deliberate omission

This manual does not identify which team member receives the notification.

This manual does not name a facility, topology relation, priority, time limit, approved template, or policy.

No additional instruction appears in this synthetic manual.

Review expectation

This incomplete source is a negative fixture.

Do not infer that the assigned CHW, supervisor, caregiver, or any facility is the intended recipient.

Do not create a task, referral, or external-effect request from this wording.
